Pär Persson

Address: Kantatvägen 20, 131 34 Nacka

Cell phone: +46 70 664 84 54

Website: www.parpersson.se

E-mail: brev@parpersson.se

Driving license: B

Date of birth: September 28th, 1982

"Civil engineer, sociologist and photographer with an interest for typography, languages and movies. Likes to get engaged in a lot of projects and always tries to do his best. Loves to win, hates to lose."

goals

My long-term goal is to find a job where I am allowed to be creative and handle a lot of responsibility. The job should offer the possibility to travel and meet new people and new cultures.

education

2009-2011

BACHELOR OF SCIENCE IN MINING AND CIVIL ENGINEERING, Bergsskolan, Filipstad.

Including: Rock Mechanics, Leadership, Economy, Law Studies, Rock Engineering.

Bachelor Thesis Project: The creation of a template for future DTH manuals with operators' instructions (for Atlas Copco).

2002-2006

DEGREE OF BACHELOR OF SOCIOLOGY, Karlstad University (KaU), Karlstad.

Including: Political Science, Media and Communication Studies, Gender Studies, Practical Writing.

Courses in selection:

- English for Engineers, autumn 2010, KaU
- Mathematics, autumn 2002, Chalmers University

work

2011-

PRODUCT ENGINEER, *Atlas Copco Compressor*, Nacka.

Product engineer in the back office group at the Customer Center of Atlas Copco Compressor. Responsible of piston compressors, oil-free compressors, quality air solutions and Airnet.

The summer of 2010

SHIFT ENGINEER TRAINEE, *Skanska-Vinci*, The Hallandsås Project, Förslöv.

I worked on shift no 4 at the TBM and helped the shift engineer to do reports and safety inspections. The working language was English. Through guided tours, production and staff meetings and discussions with white- and blue-collar workers I managed to get a good overview of the project.

2007-

PRIVATE BUSINESS, Freelance photography for the advertising world.

By running my own company I have learnt a lot in terms of bookkeeping, administration and, above all, the art of selling a service on a highly competitive market. The job as a photographer is also developing from a social stand point as it is largely about getting into contact and maintaining contact with a variety of people.

Portfolio: www.parpersson.se

2007

NEWSPAPER PHOTOGRAPHER, *NWT*, Karlstad.

I worked as a newspaper photographer for the largest paper in Värmland. The job made me learn about respecting people's integrity and to work under pressure and against deadlines. Ever since 2007 I have worked sporadically as a freelance photographer for the paper.

2006-2007

PHOTOGRAPHER, *Värmlands museum*, Karlstad.

I photographed the museum's collection of objects. I also worked on an Internet portal and with printed matter.

2006-2007

PHOTOGRAPHER AND WRITER, *Citrus (a university paper)*, Karlstad university

I worked as a photographer, a writer and a post processor at an editorial office.

computers

Skilled in the Office-suite, Illustrator, InDesign, Photoshop, Solid Works, AutoCAD, Drupal, Wordpress.

languages

- Near to fluent in oral and written English.
- Basic in oral and written Spanish.

interests

Sports (running, golf, floorball, lifting weights), outdoor life, books, music, movies, photography, design

activities

- Responsible for the production of Bergsskolan's year book of 2011.
- The creator of a recruitment site for Bergsskolan, a source of inspiration for current and potential students. URL: www.bergsskolan.nu
- Secretary and responsible for educational issues in the students' union (2009).
- I produce websites as a sideline for my company. URL: www.primatandvard.se
- Repairman of high-tension lines with special training in team leadership (2002).

references

Relevant certificates and references will be provided upon request.
